

City

ES Alto contenido tecnológico y ergonomía: el respaldo en malla de City destaca sobre la estructura metálica tipo patín, aportando una estética sugestiva además de confort. Su personalidad se puede acentuar mediante diversas combinaciones de color.

EN High-tech and ergonomic, City's mesh backrest stands out on its metal sled frame and makes it attractively bold as well as comfortable. Its personality can be further interpreted and accentuated by playing with a range of different colour combinations.
